

## Moving our Packing Hall to new and larger premises!

By becoming part of the Bonnier News Group, Hall Media Logistik has entered a new era! Compass is set on continuing to best manage the mission we have, taking on new opportunities and being prepared for the challenges that come with it.

We want our values Openness, Commitment, Integrity and Businesslikeness to run as a theme in everything we do and undertake.

One of our stated strategies is to give our employees the right conditions to face the future, with all what that means.

- The streamline of flows - by starting the district packaging, meant taking up much more working space, but resulted in facilitating our transports and also have contributed to increase the delivery quality.
- New assignments - in addition to MTD magazines and national newspapers, we have also been handling evening newspapers since June 2021. We now list and pack about 430,000 newspapers per month!
- Increased package volumes - at the start of package deliveries in 2019, we handled approximately 18,500 packages per month, in 2021 the figure had increased to about 54,000 per month and the target for 2022 is set to 91,500 packages per month. Undoubtedly a breathtaking journey in a short time! A big compliment to all involved!

However, the positive development has also brought challenges. We have reached a stage where our work flow in the Packing Hall has grown out of the premises on Österängsvägen 5.

It is with pleasure that we can announce that we have found a solution close to home, just next door. Hall Media Logistics Packing Hall will be moved to Österängsvägen 3 from the end of November.

Of course we want to celebrate this with you!

Look out for the invitation to the Opening!

You will receive a message in your handset (work phone) when we post the invitation on the website.
